

DISCLAIMER & CONCENT FOR USING ROBO TRADER AND AUTO TRADER AT ALGOSCREENERS.COM

By using ALGOSCREENERS.COM, you acknowledge and agree to the following terms and conditions:

1. No Financial or Investment Advice

We do not guarantee profits in the stock market through the use of our trading software/ strategy. The Software is designed on price action & for informational purposes only. It does not constitute financial, investment, or trading advice. Users should seek advice from a qualified financial advisor before making any investment decisions.

2. Risk of Trading

Trading stocks and other financial instruments involves significant risk, including the potential loss of capital. Past performance of any asset, strategy, or system featured on the Software does not guarantee future results. You should only trade with money you can afford to lose.

3. No Warranty or Guarantee

While we strive to provide accurate and up-to-date information, the Software, and all content provided through it, are provided "as is" and "as available" without warranties of any kind, either express or implied. We do not guarantee the accuracy, reliability, or completeness of the information provided, nor do we guarantee the Software will be uninterrupted or error-free.

4. User Responsibility

It is your sole responsibility to evaluate the risks of using the Software. You should carefully consider your financial situation, risk tolerance, and investment objectives before making any trading decisions.

5. Limitations of Liability

ALGOSCREENERS.COM and its affiliates, officers, employees, agents, and partners shall not be liable for any direct, indirect, incidental, or consequential damages, including but not limited to loss of profit, loss of data, or any other damages resulting from the use or inability to use the Software.

6. Compliance with Laws

It is your responsibility to ensure compliance with all applicable laws and regulations, including tax laws and securities regulations, when using the Software. You agree to use the Software in accordance with all local, national, and international laws.

7. Changes to Terms

ALGOSCREENERS.COM reserves the right to amend, update, or modify this Disclaimer at any time. Any such changes will be effective immediately upon being posted on the Software. You are responsible for reviewing the Disclaimer periodically to stay informed of any changes.

8. Acknowledgment

By using the Software, you acknowledge that you have read, understood, and agree to this Disclaimer and the Terms of Service.

DISCLAIMER & CONCENT FOR USING SCREENRES AT ALGOSCREENERS.COM

By using the services provided by ALGOSCREENERS.COM, you agree to the following terms and conditions:

1. No Financial or Investment Advice

- ***We do not guarantee profits in the stock market through our SCREENERS.***
The Screeners is designed on price action, and fundamental analysis parameters & for informational, knowledge & research purposes only. It does not constitute financial, investment, or trading advice. Users should seek advice from a qualified financial advisor before making any investment decisions

2. Research and Educational Use Only

- You acknowledge and agree that you will use the stock market screener exclusively for your personal research and educational purposes. You will not use the screener for any trading or investing activities, and any decision to trade or invest will be made only under the guidance and consent of a licensed financial advisor.

3. Market Risk

- Stock market activities are subject to market risk, and the value of securities can fluctuate significantly. By using this screener, you agree that Algoscreener.com is not responsible for any financial losses or damages incurred as a result of your use of the software. You understand that investing or trading in the stock market carries inherent risks, and decisions should be made with caution and professional guidance.

4. Accuracy of Data

- While Algoscreener.com makes every effort to provide accurate and reliable data, we make no representations or warranties regarding the completeness or accuracy of the content and data provided by the screener. All data is sourced from automated processes and external databases, which may contain errors. We recommend that you manually verify any data from the official company's website before making any financial decisions.

5. Safety and Value Scores

- Any safety and value scores provided by the screener are for informational purposes only and are based on comparative analysis of a stock's performance against its peers. These scores should not be interpreted as buy or sell recommendations. They are intended solely as a reference and do not indicate or advise on investment decisions.

6. Changes to Terms

- Algoscreener.com reserves the right to amend, update, or modify this Disclaimer at any time. Any changes to the Disclaimer will be effective immediately upon being posted on the website or within the software. You are responsible for periodically reviewing the Disclaimer to stay informed about any changes.

7. Acknowledgment

- By using Algoscreener.com, you acknowledge that you have read, understood, and agreed to the terms outlined in this Disclaimer and the Terms of

RISK DISCLOSURE FOR USING ALGOSCREENERS.COM

I/we do understand that in addition to the general risk associate with stock and financial markets, "ALGO TRADING" has some specific risk.

I am aware that algo trading is an automated computer programming based trading structure which works on the predefined logic, pattern or parameter provided by the user himself.

Considering the nature of execution involved in algo trading I/we acknowledge the following risk.

Exchange Side Risk:

1. Connection Issue: Algo execution may stop due to disruption in connectivity.
2. Broadcast Issue: At time there can be delay in receiving the data packet from exchange
3. Rejection Issue: Order can be rejected at the discretion of exchange as per the rules.

BROKER SIDE Risk:

1. Charting Data Disconnection: There could be disruption in data coming from charts
2. Sever Disconnection: BROKER server could be disconnected due to avoidable reasons
3. Server Down Time: There may be hardware failure
4. Portfolio Corruption: The scripts inserted by the user could get corrupted
5. Line Down Issue: There could be line down issue from the service provider end
6. Other Tools Disconnection: There could be disruption in data coming from other tools like excel, R, Python etc.
